REVIEW OF THE WILMINGTON MARKET, FOR THE WEEK ENDING JUNE 24TH, 1858.

TURPENTINE-The market continued to rule steady at quotations of this day week up to Monday, when the advices received were unfavorable, and sales were made at \$3 50 for virgin, \$2 80 for yellow dip, and \$1 40 for hard, # 280 lbs., which is a decline of 50 cents on virgin and 10 cents on hard. The demand for some weeks past has been confined almost entirely to distillers, who have taken all received .-The quantity arriving is small, and the transactions for the

week ended this morning are as follows: Virgin. Yel. Dip.\$2 80 \$4 00. 628..... 4 00..... 2 80. Friday 677..... 4 00..... 2 80 Saturday.... 517..... 3 50..... 2 80. Monday... 3 50..... 2 80... At the close yesterday prices advanced a shade, with sales

as above. Nothing done this morning. SPIRITS TURPENTINE-Under the advices received from abroad since our last the market has ruled decidedly dull, IM, have you been in MR. We note a brisk demand, and a good article would sell readily. We quote at 5 a 62 cents & tb. for grass fatted, as in quality. SHEEP have been brought in slowly for some weeks VALUABLE LANDS FOR SALE IN DUPLIN COUNTY.

FLOUR-There has been scarcely any received either per river or railroad during the week just ended, and the supply on market has become nearly all worked off. In consequence there is more firmness in the market, and prices have improved 25 a 50 cents on former quotations. We quote a few parcels as having sold at \$5 621 a \$5 75 for superfine, and \$5 75 a \$6 for family-closing at highest figures; we would remark, however, that a lot of any moment, if put upon market, would not find ready sale at highest rates. In the present state of the market we can hardly give a correct quotation, and our rates in table may be looked upon as

GRAIN .- In the market for Corn, we have no important change to note as regards prices. The quantity received for some weeks past has been light, and dealers have only a moderate stock in store; sufficient, however, for present purposes. Received since our last only 2,300 bushels, of which 1,300 went at 67 cents, and 1,000 at 68 cents & bushel-c'osing at latter price. The balance left on market at the close of our last review (5,200 bushels) sold as follows:-2,800 bushels at 671 cents; and 2,400 do. on private terms.-OATS .- The market is very well supplied at present, and we note but a limited demand. A lot of 1,300 bushels was received on Monday, and taken by a dealer at 42 cents ? bushel. PEAS. The market continues to rule decidedly firm, with an active demand for all descriptions, and scarcely any arriving. One or two small lots of Cow have sold at

have gone down. We quote from carts at \$1 \$2 bushel. Provisions-In the Bacon market we have nothing new 71 to notice since our review of Thursday last. Several parcels of N. We quote sales of only small parcels from store at 131 cents for hog round-at which it is dull. See table for quotations. For Western cured the market has ruled unusually dull for several weeks past, and we note a heavy stock in first hands. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged. It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally,

instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor NOTICE.—Whoever expects to find this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular

IN ONE YEAR. THE RESTORATIVE OF PROF. O. J. WOOD FOR REStoring hair perfectly and permanently, has never yet had a rival, volume after volume might be given from all parts of the world and from the most intelligent to prove that it is a perfect Restorative; but read the circular and you cannot

THE HAIR.—People have for centuries been afflicted with bald heads, and the only remedy, heretofore known, has been those abominable wigs. By a recent discovery of Pro-fessor Wood these articles are being fast dispensed with, but a great many persons still patronize them, because they have been so often imposed upon by Hair Tonics of different kinds. To all such persons we earnestly make the request, that they will try once again, for in Wood's Restorative there is no such thing as fail. We know of a lady who was bald, who used the article a short time, and her head is now covered completely with the tiniest and most beautiful curls imagi-nable. We know of numerous cases where hair was rapidly falling out which it restored in greater perfection than it ever had been before.

It is also without doubt one of the best articles for keeping the hair in good condition, making it soft and glossy, re-moving dandruff, and has proved itself the greatest enemy to all the ills that hair is heir to. It is the duty of every one to improve their personal appearance, though some may differ in regard to the ways of doing it; but every one will admit that a beautiful head of
